**Re: Verizon Public Notice of Network Changes and Certification Under Rules
51.325–51.335
Withdrawal and Refiling of Public Notice to Retire Stoughton, MA Switch**

Dear Ms. Dortch:

Verizon hereby withdraws its August 7 Public Notice of Network Change under rule 51.329(a) and refiles it as a Short Term Public Notice under rule 51.333(a). We are withdrawing and refileing our public notice to reflect a change in the planned implementation date. Work to decommission the Stoughton, MA 5ESS switch is proceeding ahead of schedule, and Verizon has advanced the implementation date from the originally requested on or after February 15, 2019 date to on or after December 7, 2018.

Also, as required by the rules, Verizon submits its Certification of Short Term Public Notice under rule 51.333(a) to certify that a copy of the public notice was mailed to appropriate telephone exchange providers that interconnect with Verizon's network. Finally, we submit a Certification of Public Notice of Network Change under rule 51.329(a) to provide notice that the refiled public notice was posted to Verizon's website.

Specifically, Verizon is providing notification of the network changes that result in the decommissioning of the Stoughton, MA 5ESS switch (SGTNMAWADS0) located at 862 Washington Street, Stoughton, MA 02072.

Please contact me should you need any further information.

Sincerely,

A handwritten signature in black ink, appearing to read "Debra P. Dexter", with a stylized flourish at the end.

**CERTIFICATION OF PUBLIC NOTICE OF NETWORK CHANGE
UNDER RULE 51.329(a)**

On October 2, 2018, Verizon made the following Public Notice of Network Change pursuant to Code of Federal Regulation 47, Subsections 51.325 – 51.335.

The Public Notice(s) can also be obtained at:

<http://www.verizon.com/about/terms-conditions/network-disclosures>

Title(s) of Network Notification(s):

Planned Network Changes – Stoughton, MA switch retirement (AMENDED and REFILED)

Date: October 2, 2018

6929 N. Lakewood Avenue
Tulsa, OK 74117

October 2, 2018

SHORT TERM PUBLIC NOTICE UNDER RULE 51.333(a)

Note: This notice replaces a previously filed public notice by Verizon New England on August 7, 2018 seeking an on or after February 15, 2019 implementation date. With this refiling, Verizon New England advances the implementation date to on or after December 7, 2018.

Carrier: Verizon New England Inc., 6 Bowdoin Square, 9th Floor, Boston, MA 02114

Contact: For additional information on these planned network changes, please contact:

Marcia Chaffin
Verizon Network Engineering
385 Myles Standish Blvd.
Taunton, MA 02780
978-552-3638

John Dunne
Manager – Global Engineering and System Performance
Verizon Wireline Network Operations
2147 Route 27, 04 Floor
Edison, NJ 08817
732-593-4003

Implementation Date: On or after December 7, 2018

Planned Network Change(s) will occur at the following location(s) in Massachusetts:

Verizon Central Office	Address	CLLI
STOUGHTON MA 5ESS	862 Washington Street, Stoughton, MA 02072	SGTNMAWADS0
NEWTON MA Packet End Office (PEO) Switch	787 Washington Street, Newton, MA 02160	NWTNMAWAPS0

This notice may also be viewed at <http://www.verizon.com/about/terms-conditions/network-disclosures>

PLEASE NOTE:

- All references to the Stoughton, MA 5ESS switch are associated with CLI code SGTNMAWADS0 and will not be repeated throughout this notice.
- All references to the Newton, MA Packet End Office (PEO) switch are associated with CLI code NWTNMAWAPS0 and will not be repeated throughout this notice.

Description of the Planned Network Change(s):

The Verizon Stoughton, MA 5ESS switch, located at 862 Washington Street, Stoughton, MA 02072, will be retired and removed from the network after all traffic served by this switch is migrated to the Verizon Newton, MA PEO switch located at 787 Washington Street, Newton, MA 02160. All traffic to be migrated includes, but is not limited to, Inter-LATA (ACCESS/FG-B-D/CLEC/IXC), wireless, and paging traffic.

Description of Reasonably Foreseeable Impact(s) of the Planned Change(s):

Competitive local exchange carriers (CLECs), interexchange carriers (IXCs, IECs), wireless carriers, and paging carriers will need to secure new trunk groups built to the Newton, MA PEO switch or have existing trunk groups to that switch augmented. Carriers that are code holders for access connectivity in the Stoughton, MA 5ESS switch will be required to reposition the codes to the Newton, MA PEO switch.

All ASRs for the Newton, MA PEO switch must be received no later than October 26, 2018 in order to provide sufficient time to migrate the traffic described above. These direct end office trunk (DEOT) interconnections will support traffic migration for the Stoughton, MA 5ESS switch prior to its eventual decommissioning. Local Exchange Routing Guide (LERG) change effective dates will be posted prior to decommissioning of the Stoughton, MA 5ESS switch (**on or after December 7, 2018**). This will serve to guide interconnect re-routes of traffic for the three (3) native codes currently served by the Stoughton, MA 5ESS switch to reflect the Newton, MA PEO switch as the new home switch. All ASRs for the Newton, MA PEO switch must carry the project code of **SGTNMAWADS0**.

**CERTIFICATION OF SHORT TERM PUBLIC NOTICE
UNDER RULE 51.333(a)**

I, Peter Eger, do hereby certify that on October 2, 2018 (a minimum of five business days prior to filing with the Commission), I caused Verizon's Short Term Public Notice Under Rule 51.333(a) to be served upon each telephone exchange service provider that directly interconnects with Verizon network's in the applicable area(s). Attached are the names and addresses of those providers who were served.

The Public Notice(s) may also be viewed on Verizon's website at:
<http://www.verizon.com/about/terms-conditions/network-disclosures>
